www.southsidecomputerclub.com

Guests Welcome

Membership in The SouthSide Computer Club

It is very easy to become a member of the SouthSide Computer Club. First of all we recommend you come to at least two meetings before joining so you can get a feel of what types of programming we offer. When you decide to join our Club we have a simple application to complete.

A Membership is good for all living at the same address.

\$20.00 per year.

Special Interest Groups

The SouthSide Comuter Club Tries to extend it's members interests and educational desires through the formation of SIG'S (Special Interest Groups). Our membership completes a survey at the end of each year to give the board of directors the information necessary to plan meeting topics as well as determining what SIG groups will be offered in the following months. The SIG groups are scheduled to meet in nights other than regularly scheduled meeting nights. If you have any questions about any of these SIG groups contact our SIG chairman.

Our Mission Statement

The SSCC is an independent non-profit organization that is open to anyone interested in computing. The SSCC is not affiliated with any business. Our purpose is to promote various aspects of computing and computer literacy to all age groups. We are a member of APCUG (The association of PC Users Groups). We have one general meeting per month with a guest speaker representing a manufacturer of hardware/software or related industries including retail. In addition we provide seperate Special Interest Groups (SIG'S) on various subjects determined by our membership.

Members:

When you membership becomes 30 days past due all discounts you receive through the club stops

All Submissions for this publication are due 14 days before the regular meeting.

Member Count: 70
